## **THE G-LINE BY KIRK-RUDY**

### ***Setting the gold standard in productivity***

Smaller footprint, higher throughput, lower costs, and proven technologies set the G-Line series of UV printers apart from the rest. The clean design, simple to operate interface and low maintenance process ensure a short learning curve and rapid implementation of any new installation.

- 4.25" print area (107.95 mm)
- 600 dpi quality at high speeds
- Easily add up to four print heads

- ✓ *High speed*
- ✓ *Small footprint*
- ✓ *Easy to operate*
- ✓ *Variable drop size*

Sold and  
Serviced By:
